

Brass Hits

By John Xepoleas

The following brass hits are rhythmic figures typically seen in big band charts and lead sheets.

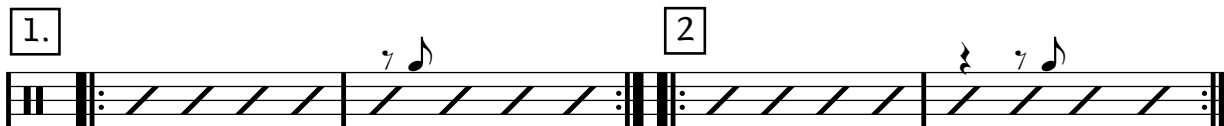

A.) Play the figures with your left hand on the snare drum while playing the jazz ride with your right hand.

B.) Play the figures with your bass drum while playing the jazz ride.

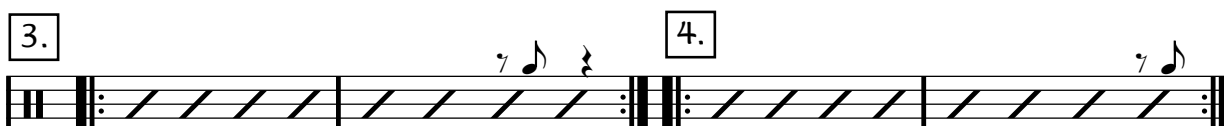

*For both of the above approaches play the hi-hat on 2 & 4 with your foot.

♩ = 120 - 240
